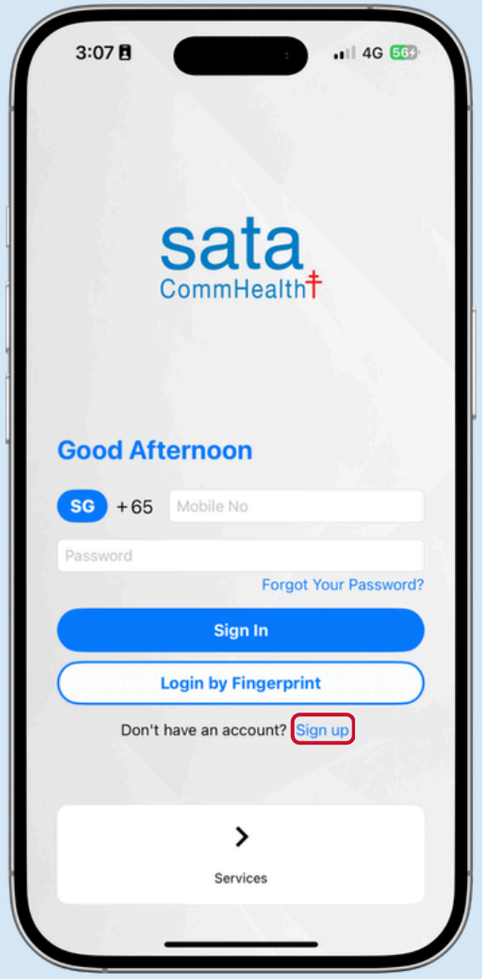
Introducing the SATA Public App

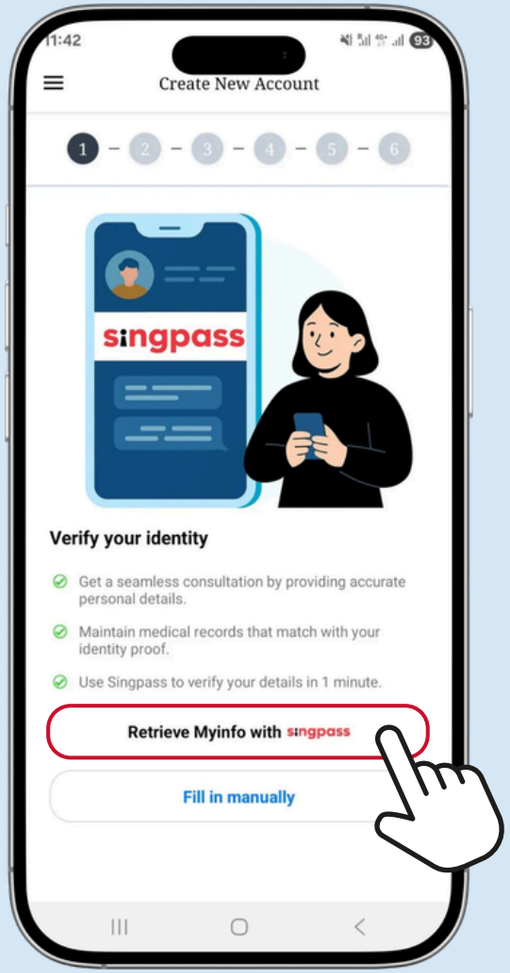
Say hello to convenience with the SATA Public App
-your all-in-one healthcare app by SATA CommHealth

Seamlessly designed to help you book appointments, consult our doctors online, and access your medical reports with SATA CommHealth.

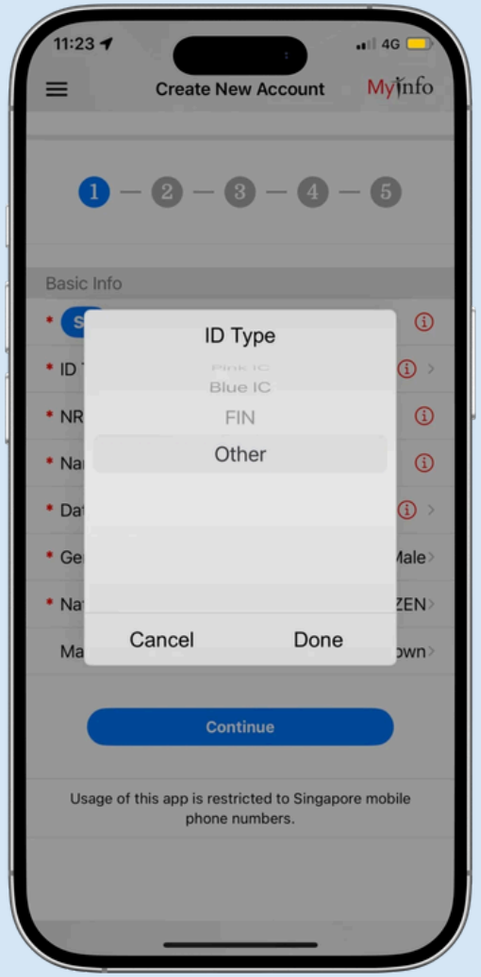
New User Sign Up



Download **SATA Public App** and select **'Sign Up'**.



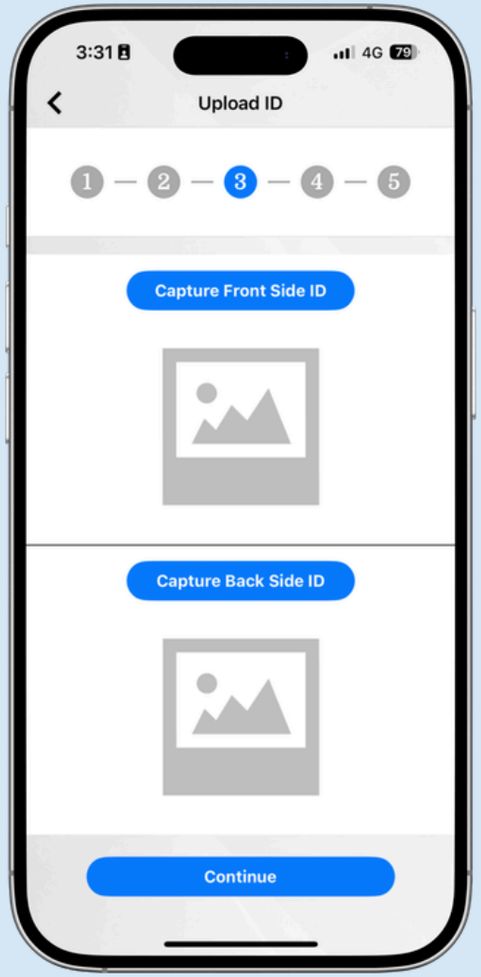
SingPass holders can tap on **'Retrieve MyInfo with singpass'** to retrieve and auto-fill your details



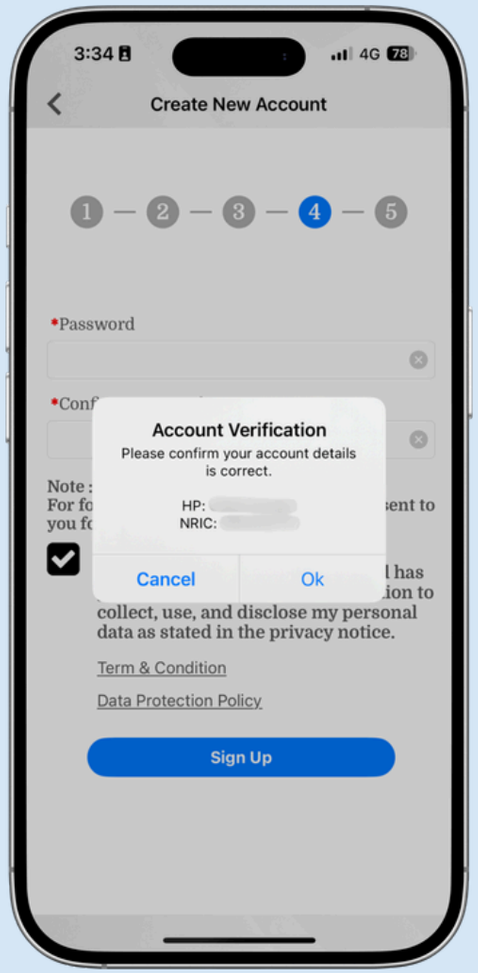
Select **'ID Type'** and key in your details.

For E-Visa and Visa, choose **'Other'** to key in your passport details

New User Sign Up

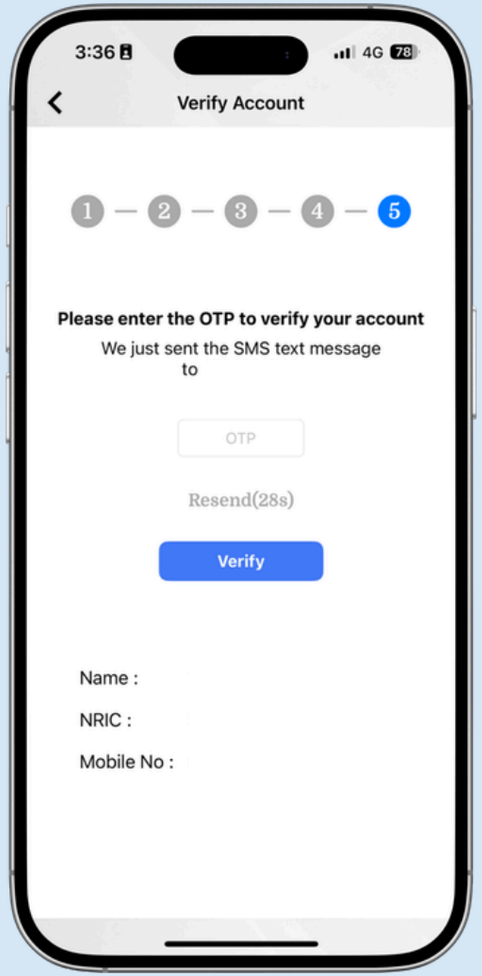


Capture & upload both sides of your ID



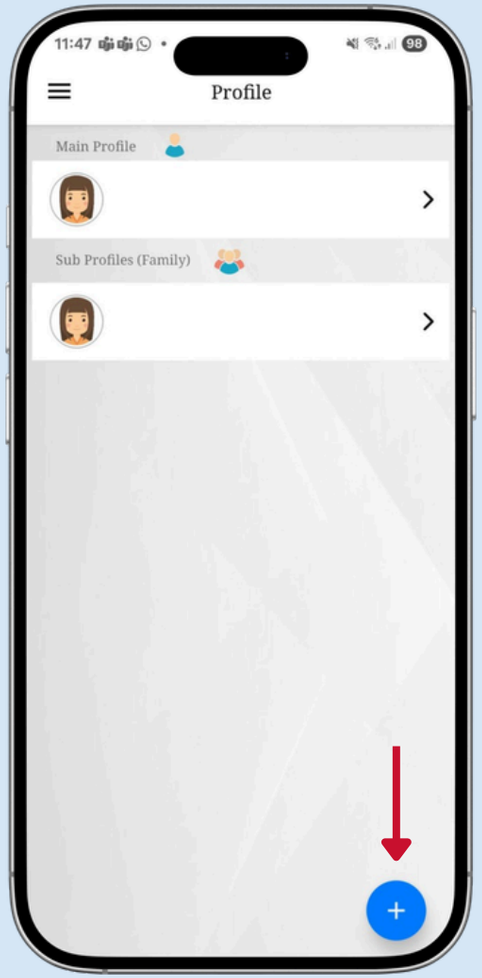
Create and confirm your password.

Confirm your account details are correct

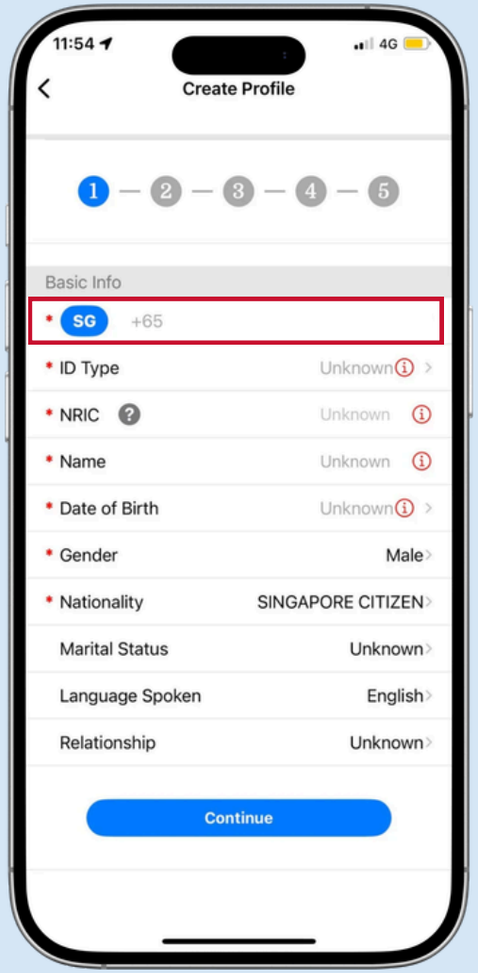


Enter the **One Time Password (OTP)** to verify your account

Adding Dependent(s)

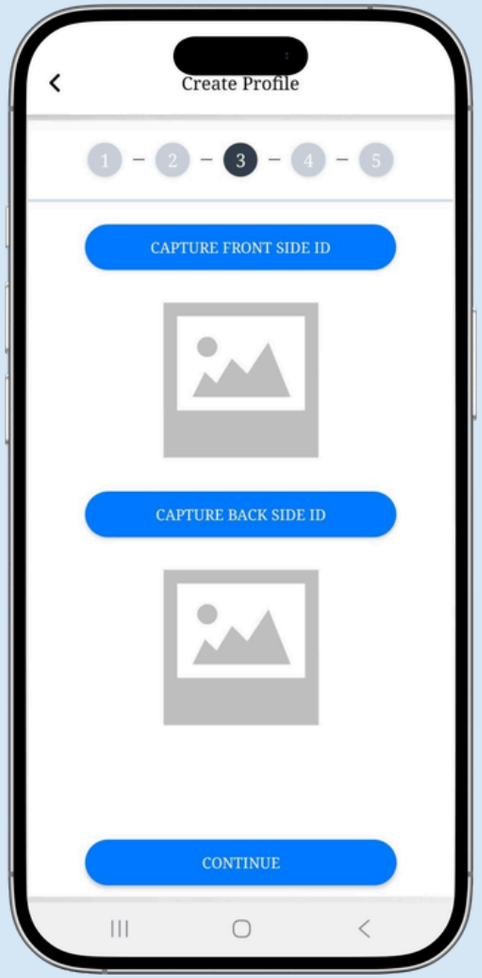


To add a new **Sub Profile**, click on the + sign at the bottom right corner of the **'Profile'** tab



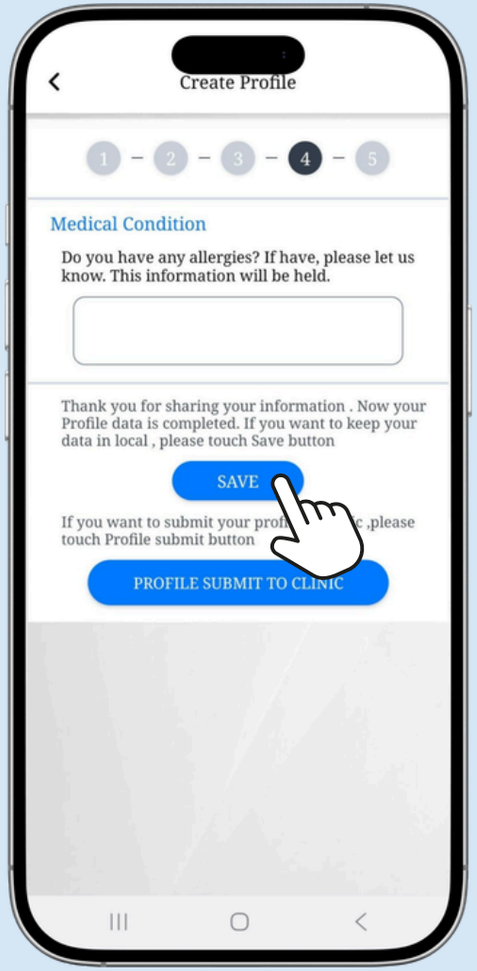
For dependent registration, please note that the **mobile number will be the same** as the Main User (you).

Fill up all the necessary fields.

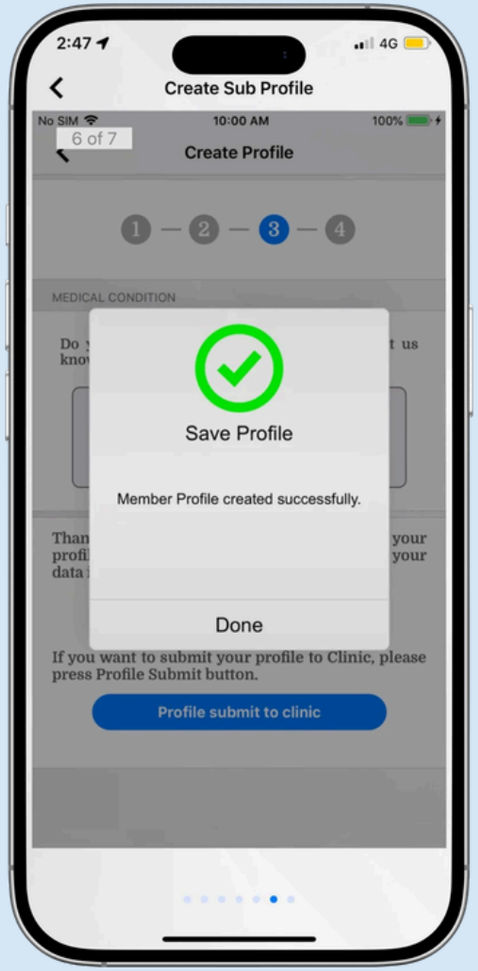


Capture & upload both sides of your dependent's IC

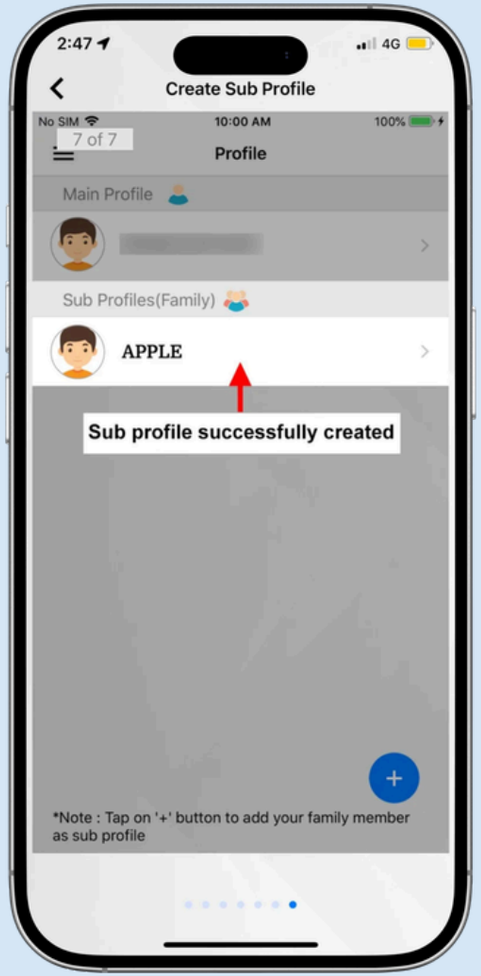
Adding Dependent(s)



Upon completing all the fields, click **"SAVE"**



You will then receive a notification that your Member Profile has been successfully created.



You can now view the created Sub-Profile in the **'Profile'** tab

Healthcare made easy

Book Appointments, Teleconsult with Doctors
All with the SATA Public App.
